*Respecting, honouring and living  
Indigenous ways of knowing and being*

This two-year program will provide aspiring teachers with relevant, relational and transformative education to foster a deeper understanding of First Nations, Inuit and Métis histories, cultures and ways of knowing and being.

The program is designed to embrace the role of educators, both Indigenous and non-Indigenous, to contribute toward truth, reconciliation and healing.

Graduates will receive a UVic Bachelor of Education degree and will be eligible to apply for a BC Teaching Professional Certificate of Qualification (K-12). Priority will be given to Indigenous applicants, who are asked to self-identify in their application.
