REPORTS TO: Site Foreman /General Manager

LOCATION: Head Office at Mile 293 Alaska Hwy Fort Nelson, BC

TERM: As per Job Contract

EFFECTIVE DATE: ASAP

HOURS: Based on Job Contract

SALARY: Based on experience/ job contract

Eh Cho Dene GP Ltd. is looking for qualified equipment operators to become part of a team.

Please review the job description below:

SUMMARY/SCOPE

The Construction Equipment Operator will be responsible for operating Eh Cho Dene GP Ltd. heavy equipment in a safe and appropriate manner. Heavy construction equipment may include front-end loaders, dozers, graders, compactors, trucks and other pieces of equipment. He or she must always perform circle checks of equipment and clean, maintain and secure all equipment as directed by legislation, policies and procedures. Due to the hazards associated with operating heavy equipment, this position places special prohibitions on working while under the influence of drugs, alcohol or prescribed medications and the use of handheld devices such as cellular phones, etc. Other duties involve dealing with clients and members of the public in a courteous, respectful manner and receiving complaints about schedules and levels of quality of service. Other duties may be assigned as necessary.

Core Competencies

Problem Solving	Accountability and Dependability	Ethics and Integrity
Decision Making and Judgement	Operating Equipment	Planning and Organizing
Enforcing Laws, Rules and Regulations	Communication	Teamwork

Job Duties

- Check heavy equipment using approved circle check procedures before operating them to ensure that mechanical, safety, and emergency equipment is in good working order.
- Operate hydraulic pumps, safety valves, and any other necessary mechanical components.
- Operate gasoline and diesel-powered units.
- Adhere to workplace safety policies, regulations and compliances.
- Communicate any unsafe conditions or accidents/injuries in a timely manner to the supervisor in order to facilitate prompt correction or reporting.
- Demonstrate continuous effort to improve operations, decrease turnaround times, streamline work processes, and work cooperatively and jointly to provide quality seamless customer service.
- Refrain from using drugs and or alcohol or prescribed medications causing drowsiness prior to reporting for work, or decline work based on these conditions.
- Always disable cellular phones and other sources of distraction while operating heavy equipment.
- Diagnose / identify defects in heavy duty equipment.
- Accurate completion of work orders and timesheets.
- Repair cooling, and lubrication systems.
- Clean, lubricate and perform other minor maintenance work.
- Maintain a working knowledge of changes in technology and operation techniques.
- Report equipment defects, accidents, traffic violations, or damage to the equipment.
- Check all documentation to ensure that it is complete and accurate.
- Operate equipment such as computers, CB radios, and telephones to exchange necessary information with bases, supervisors, or other operators.
- Assist in loading and unloading of equipment.

-
- Ensure that material is properly protected from the outdoor elements.
 - Ensure that any debris caused by the loading/unloading of equipment is cleaned up.
 - Provide feedback to supervision regarding customer problems, mechanical problems, or delivery problems.
 - Complete all necessary paperwork (may include, but is not limited to, daily logs, inspection logs, equipment inspection, hours of service, etc.).
-

Requirements
