SUMMARY / SCOPE

The successful candidate will work 8 hour night shifts for a total of 40 hours per week. Schedule as follows: Friday to Tuesday 10:00 p.m. – 6:00 a.m. (Wednesday and Thursday off).

In accordance with established vision and values of the Fort Nelson First Nation Community Infrastructure & Safety Services department, and working collaboratively with the Justice Office and local authorities, the key responsibilities of this job is to provide a range of environmental safety and security services to the employer within the scope of community safety and security programming (i.e.: community and building security checks, work alone employee checks, security call outs, environmental utility services, reporting). This job provides hazard and security assessment and surveillance, and security coordination for designated buildings, events, and utility service worker duties as necessary.

Working five evening shifts per week, the Night Security-Utility Worker will conduct scheduled patrols and surveillance, reporting on Fort Nelson First Nation community, assets, and work-alone staff, to ensure the safety and security of people, assets, and environment. Other responsibilities include ensuring no overnight obstruction to means of egress which may require manual labour such as moving objects of snow shoveling near entrances, and/or using a truck plow to ensure the homes of Elders and persons with functional limitations are cleared for emergency access. The employee is responsible for reporting hazards, suspicious activity, and animal control issues to the appropriate personnel and authorities as a necessary part of the work. The employee is required to communicate and liaise with authorities, as required, such as: RCMP, Conservation Officers, emergency services workers, and insurance providers, to ensure safety and security requirements. Other related duties as required.

Candidate Profile:

The Night Security-Utility Worker has a good level of energy and is physically fit to perform the work, and has good interpersonal skills including good listening skills to gather information and to ask questions in order to carry out assigned tasks and to provide routine information to other employees. The Night Security-Utility Worker has good written and verbal communication skills and communicates with the Tradespersons, Engineers, engineering aides/technicians, contractors and equipment operators in the immediate work area, as well as with the supervisor, co-workers, and maintenance staff to obtain information, supplies, tools, equipment and/or advice or help to solve problems or issues, and may occasionally have contact with occupational health and safety committee members, and the general public.
