Job Scope

Context: This job is classified as full-time temporary work, with a term ending date of August 31, 2023; however, there may be a possibility that this job will become a permanent full time role. The Employer is currently implementing the Laser fiche records management system, and the Records Management Clerk will be responsible to participate in the Laserfiche© training program, and will eventually assist senior staff with training staff on how to use the Laserfiche© filing system.

Reporting to the Director of Corporate Services, and working closely with the Executive Assistant of Administration, the Records Management Clerk will update/set-up inventories and indexes for classification systems, cross-reference files, sort files, log and store records, work within records retrieval systems, research and extract records, and will prepare information for transfer into the Laserfiche© filing system. Research and retrieval, and organizing hardcopy and digital files for data entry make up the bulk of this employee's workload. Among other employer policies and terms and conditions of employment, the ability to maintain confidentiality over the sensitive material being handled is of paramount importance, and is a condition of employment. Other related duties.

Candidate Profile

The Records Management Clerk embraces a team work environment and has previous experience using technical equipment to process records. The Clerk has an eye for details, and possesses good written and communication skills, and organizes and prioritizes assignments and takes initiative to follow through on pending items. This individual has a strong sense of confidentiality and professionalism, and maintains a diplomatic approach in all matters, and possesses exceptional listening and observation skills, as well as exceptional written and verbal communication skills, and is a team player who is comfortable with deadlines, task-switching, and prioritizing a heavy workload. This employee is responsible for assisting the Director and senior corporate services staff with implementing the new Laserfiche© records management system.
